Order by phone
 (407) 330-1116

Methods of Payment: We accept cash, money orders, checks, Mastercard, Visa, Discover, AMEX and purchase orders from schools and government institutions only. We ship UPS, FedEx, USPS worldwide. UPS COD shipments are available only in the U.S. (COD charge \$19.50).

Pricing: For current pricing, call us at (407) 330-1116. Pricing is subject to change.

Returns: 30 day refund policy and any return must be with a receipt, authorized, and are subject to a 15% restocking fee. Special order merchandise subject to 25% restocking fee if the order is cancelled or returned. A 50% deposit is required on all special order merchandise. No money trade in on gift certificates.

Freight Charges: We will be happy to calculate your shipping and handling charges for you. We try hard to keep our pricing low, but it has become apparent that packaging is a large cost of shipping orders. Therefore fragile items such as plate setters, kiln shelves, and bisque are subject to an additional packaging fees.

No Minimum Order: To best meet the needs of our customers, we will be happy to send any order regardless of size or amount. However, shipping companies do have a minimum charge which could raise your cost considerably for a single inexpensive item. Please keep this in mind when placing your order.

Bouncing Checks: We now have a \$50.00 service charge for any checks that bounce. Once a check bounces we will no longer accept checks from that customer.

Sales & Specials: Check out our online “monthly sale” page.

CHEMICALS

CLAY

HIGHWATER CLAY

	<u>Cone</u>	<u>Description</u>
<u>EARTHENWARE CLAYS</u>		
White Earthenware (WE)	06-02	Highwater's smoothest and whitest low fire clay body. No grog.
Bella's Blend (BE)	04-5	A Good choice for the classroom. A white clay containing some fine grog and fireclay for tooth.
Stan's Red (SR)	06-02	This terra cotta clay is a favorite for those doing majolica decorating. No grog.
Raku (R)	06-6	Performs well from earthenware to stoneware range. Handles the abuses of raku firing. 12% med. kyanite.
<u>MID-RANGE STONEWARE</u>		
Desert Buff (DB)	4-6	Highwater's most popular mid-range buff clay with 3% mullite and a good dose of fireclay for tooth.
Buncombe White (BW)	3-6	Mid-range white body with a hint of tooth. Bright glazes with this clay. 9% fine kyanite.
Little Loafers (LL)	5-6	The same properties of Loafer's Glory specifically designed for lower cone firing.
Red Stone (RS)	3-6	Rich reddish brown body with a lot of character. Excellent for wheel or handbuilding. 6% fine kyanite.
Speckle Brownstone (SB)	4-6	Highwater's Brownstone clay with the addition of granular manganese for dark specks.
Brownstone (B)	4-6	This light to medium brown oxidation body is great for all types of mid-range work. 3% fine grog.
Riverside Grit (RG)	3-6	A rich reddish brown clay. 17% grog (fine and medium sizes) makes this an ideal choice for large work or tiles.
<u>HIGH FIRE STONEWARE</u>		
Phoenix (PX)	7-10	Very popular. Excellent thermal shock properties. Perfect for the oven. Contains 6% fine mullite.
Trina Buff (TB)	7-10	Fireclay and 3% fine mullite make it great for hand and wheel work.
Orangestone (OS)	7-10	Full of tactile and visual appeal. Highwater's darkest reduction stoneware. 9% fine mullite.
Half & Half (HH)	6-10	Half Phoenix - Half P10 porcelain. A porcelain-like clay with a hint of tooth.
<u>PORCELAIN</u>		
Helios (HE)	7-11	Grolleg-based porcelain. It is very bright and a joy to throw. Cone 11 is no problem for this clay.

Due to fuel charges, there might be times we have an extra fuel charge on clay.

Mayco tips and hints: Apply to greenware or shelf cone 04 bisque. For best results, apply color in a flowing motion, keeping brush adequately loaded with glaze. Allow first coat to dry. Apply second coat at a right angle to first coat. If desired, apply third coat at right angle to second coat. If applied to greenware, fire to cone 04, if desired, apply clear glaze and re-fire to shelf cone 06/05. If applied to bisque, clear glaze can be applied directly to the unfired underglaze and fired to shelf cone 06/05.

MAYCO

MAYCO STROKE & COAT GLAZES Cone 06/05. One coat will create a translucent finish with subsequent coats adding opacity. Their performance at cone 6 is noted on each individual product. All are non-toxic and food safe.* available in **gallons \$110.00** special order only. **2 oz- \$3.75, Pint- \$17.95**

MAYCO SPECKLED STROKE & COAT

General Use

One coat will create a translucent finish with subsequent coats increasing opacity. We suggest 2-3 coats for opacity and all over coverage. Let dry between coats. Stroke & Coat® glazes will fire to a gloss finish without clear glaze. However, if desired, a clear glaze may be added. For application on bisque: Mayco recommends leaving an area unglazed, to allow water and organic vapors to escape during the firing process. Stroke & Coat® glazes have been formulated to mature at shelf cone 06/05. Most Stroke & Coat® glazes will maintain their color at higher temperatures, especially reds, oranges, yellows, greens and blues. We recommend testing prior to use.

- * Available in gallons
- ** CL Certified Health Caution

MAYCO

MAYCO FOUNDATIONS OPAQUE high gloss finish can be intermixed for custom colors. Can be fired at higher temperatures without loss of color. Non-toxic, food safe. *available in gallons by special order only. **Gallon- \$72.00, 4 oz- \$4.65, Pints- \$12.15**

XIEM STUDIO ART BAG

The Xiem Art Bag is designed for potters, artists, and students who need an easy access, efficient, and breathable solution to ceramic tool storage. Built around a robust metal frame, the thick canvas bag features 2 large compartments, 16 holsters, and 17 pockets of various sizes- ideal for brushes, trimming tools, and any other secret weapons you stash in your bag. 2 burly straps on each side keep larger tools from falling out, plus the canvas-reinforced plastic bottom won't let anything sharp poke through.

Tough wooden handle and a load limit of 25 lbs.

XAB \$32.95 each Tools not included!

DECORATING TOOLS

CSI TURNTABLES

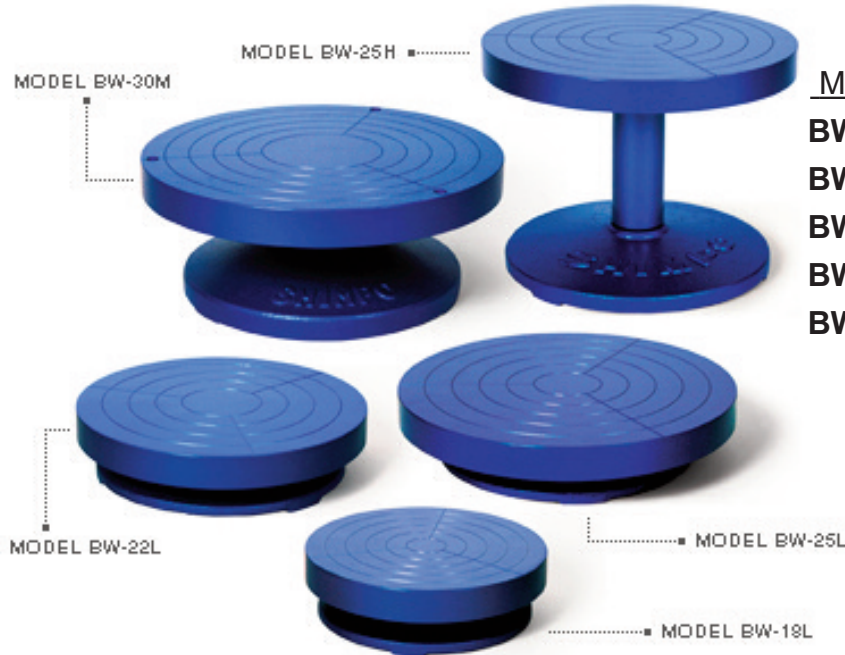

Heavy duty turntables made from a formica covered particle board with a lazy susan type bearing system. Rugged construction with a low profile for stability. Cannot be submersed in water.

MAYCO SILK SCREENS

DECORATING TOOLS

DESIGNER SILK SCREENS

Mayco Designer Silk Screens (DSS) are designed and manufactured by Mayco. Designs chosen feature incredibly fine detail, providing design opportunities not achievable using other decorating processes. DSS can be used on a variety of surfaces: greenware, clay, earthenware bisque, stoneware bisque or glass. They can also be used on non-ceramic or glass surfaces, such as fabric, wood, paper.

The screen size is 12 1/2" H x 18" long, with the actual printed area measuring 11 1/2" H x 15" long. The screen is laid out with planned gutters to allow for folding without affecting any of the designs (the exceptions are the stripes and chevrons. The screens are lightly folded and the crease does not impact design reproduction). The designs are approximately 3" to 4" at their widest/longest dimension.

Please check our website for new additions to the silk screen line.

MAYCO SILKSCREEN MEDIUM Thickening agent intended to be mixed with underglazes and glazes to make a glaze-paste. This paste creates finer, sharper detail when using silk screens on ceramics.

Hand Rollers These hand rollers are made for marking soft clay with a surface pattern. No handle is needed, just roll them like a rolling pin over the clay surface. They can be used flat surface or on the wall of a piece while still on the wheel. These hand rollers are made in USA by Socwell LLC. All designs are copyright (c) 2016 for the tools themselves. Socwell LLC allows use them on pottery without any restrictions.

The rollers that FCA offers are 4" long x 3.4" diameter.

XIEM SELF ADHESIVE FOAM

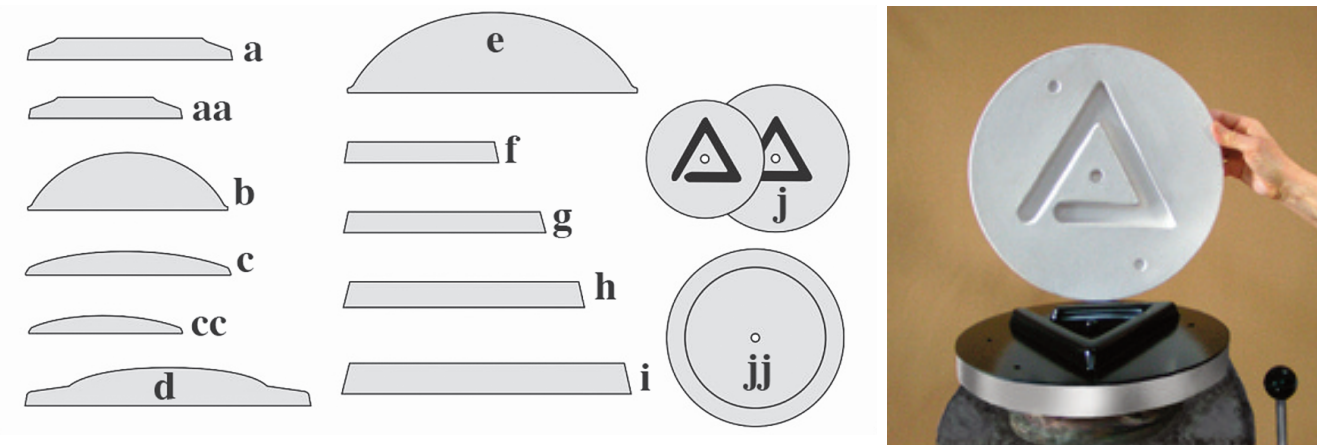

Made For Bats, Used For Trimming - Peel and Stick self adhesive foam trimming bat is ideal for trimming large bowls and plates without the use of a coil to attach the piece to the wheel head. Xiem self-adhesive foam has an excellent adhesion to all types of wooden and plastic bats. Items can be easily centered using the concentric rings. It works great to trim the feet of bowls and plates. Not recommended for cylinder shapes such as bottles, vases or jars. **XSAF \$9.95**

WHEEL ACCESSORIES

PURE AND SIMPLE FORMS *Finally, a cost-effective and hassle-free way to create uniform dinner sets!* The Quick-release Plaster Mold System allows you to make your own plaster bats easily and economically. You can make both flat and domed plaster bats, each keyed for fast, secure, and perfectly centered wheelhead mounting. Use the flat bats to throw any form. The domed bats provide a smart, time-saving way to throw bowls, lids, and plates.

CREATIVE THROWING TOOLS

THE STEVE TOOL

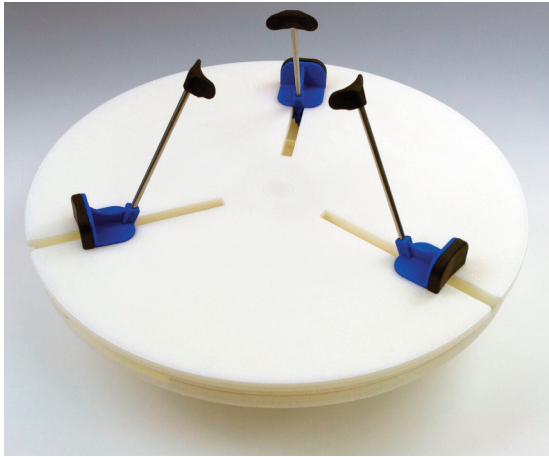

The Steve Tool is a texture application tool designed specifically for clay. It works great for thrown or hand built work. It can be configured into many designs by rearranging the disks over the shaft in assorted patterns. To use, throw a cylinder, scrape the side clean with a rib, roll the texture wheels around the spinning cylinder while moving up the cylinder. After texture is applied, form the shape from the inside of the cylinder. The texture becomes part of the pottery adding to the tactile feel.
List Price: ~~\$25.00~~

GPST \$22.50

THROWING TOOLS

Giffin Grip

Trimming tool for leather-hard pottery. Designed for pottery trimming, Works equally as well for waxing feet or banding with oxides or glazes.

The Giffin Grip includes:

Basic and wide slider sets

SLAB ROLLERS

SLAB ROLLER PACKAGE This 30" slab roller is engineered for heavy duty studio or classroom use, yet is economically priced for everyone's budget. It's designed with two 2.5" aluminum alloy knurled rollers for long lasting grip on canvas to avoid warpage.

Slabs can be rolled in either direction.

Package includes roller system, table frame, four-foot counter top, two handles (crank handle and wagon wheel), and canvas. The table frame is constructed of 14 gauge steel that is zinc plated then powder coated with a durable finish making it rust free. One year limited warranty. Ships in four boxes.

CSR30 List: \$895 **FCA Price: \$800**

CRESS/OLYMPIC KILNS

KILNS

CRESS E-SERIES

The Cress E-Series electronic kiln features the most advanced electronic control on the market. It provides 5 (rather than 3) preset easy-to-use firing speeds, plus available custom programming capability, for an almost infinitely flexible range of firing profiles.

.This keeps maintenance to a minimum using one thermocouple instead of three. Temperature uniformity is superb by design and not brute force. Three-zone temperature controls may be ordered at additional cost at the

ES23 SECTIONAL KILN

time the order is placed. Cress is now the first to include heat reflective stands to greatly reduce the floor temperature when firing.

Return Policy

No returns without an original receipt.

You have these options:

Cash refund (purchases under \$25)

Gift Card (for purchases over \$25)

Even exchange for the product

Items can be returned within 30 days of purchase

No returns on opened glazes or clay.

We have the option of a 15% restocking fee

Special Order returns receive a 20% restocking fee

No cash refunds on gift cards.

How much glaze do I need? How much clay will I need? Here are some tips to help you figure it out!

5 lb of dry glaze = 1 gallon
25 lb of dry glaze = 5 gallon

1 pounds of clay = 1 (9 oz) Cup

1 Pint of Glaze = 12 Cups

1 1/2 pounds of clay = 1 mug

1 Pint Glaze = 8 Mugs

3 pounds = 12" Medium Dinner Plate

1 Pint Glaze = 6 (12") Medium Dinner Plates

HOW MUCH WILL IT TAKE?
